America suffered retribution for its war crimes as Boston exploded with the blessed attacks that threw immense fear into the enemies of Allah. The Americans thought they could get away with destroying the lives of other nations. But, after their murderous charades in Hiroshima, Vietnam, Afghanistan, Iraq and elsewhere, where they killed millions and millions of innocent human beings, they now bleed from the wounds of their own making. So, let the world and the Muslim Ummah rejoice on a historic day - the day the Pharaoh of the time became humiliated in its own land once more...
“Allah will defend the believers; Allah Does not love the unfaithful or the ungrateful. Those who have been attacked are permitted to take up arms because they have been wronged—Allah has the power to help them—those who have been driven unjustly from their homes only for saying, ‘Our Lord is Allah.’ If Allah did not repel some people by means of others, many monasteries, churches, synagogues, and mosques, where Allah’s Name is much invoked, would have been destroyed. Allah is sure to help those who help His cause—Allah is Strong and Mighty.” [Quran – 22:38-40]

The Boston Marathon was reported to be the world’s oldest annual marathon and the second biggest single-day sporting event in the US behind the Super Bowl. This year, on the 117th edition of the Marathon, more than 23,000 runners came to participate, representing athletes from every US State and from more than 90 countries. The prize money amounted to $806,000…

Unfortunately for these people, they forgot the reality of the world they were living in…

“Two bombs struck near the finish line of the marathon and killed at least 4 people while injuring at least 144, 17 of which were in critical condition.”

**Too strong a reality check?**

Destroying the lives of others and thinking that to have a right to utter the words “peace” and “justice” in front of the world—these are from the deceptive designs of the American Government and the International media. Woe to them!

**Is it strange to see why the Americans today are suffering the way they are?**

Is it too difficult to stomach the deaths of a few Americans, when according to their own statistics, they killed 1100-1300 civilians within the first 2 months of the Afghanistan war in 2001?¹

Does the American media think it can befuddle the people by making them forget the 1,033,000 violent deaths that occurred due to the murderous war in Iraq?²

Who forgot Vietnam and the nuclear explosions in Japan?

Did the Muslim Ummah forget Palestine? Has not America backed for over half a century the illegal

occupation and mass slaughter of the Muslims in the Holy Land? Is there a cause for a criminal nation to be spared retribution – just because it does all the murder in the name of “democracy” and “human rights”?

Most of all, was not the American nation a direct perpetrator of the blasphemies against the Glorious Book of Allah, The Noble Quran and against the final Prophet of Allah, Muhammad (SAW)? Just who is the real criminal here?

Is the crime of insulting the Word of Allah and the Best of Creation, Muhammad (SAW) small?

*By Allah, our hearts have not yet died*

*And we have unsheathed our swords so beware*

*The time for your deaths is nigh so mourn*

*For what you did to our Book and Messenger (SAW)*

Scores of Muslim prisoners in Guantanamo Bay and elsewhere have reported the desecration of the Glorious Book of Allah numerous times by the American soldiers. And the cases of burning the Glorious Quran and insulting the Prophet of Allah (SAW) are well-known to the world...

Do these crimes warrant a nation to live in a state of peace?

Does a perpetrator of such crimes not deserve to be put to justice? What then is the justification for destroying the religion, honor and life of others while moaning for international sympathy when the oppressed take revenge?

Certainly, the Americans will not be safe. They will never be safe... Until each drop of blood that they spilt is
And the word shall be the word of the sword
Until all wrongs are put right

And the noble martyr Shaykh Usama bin Laden (May Allah have Mercy on him) said:

“They violate our land and occupy it and steal the Muslims’ possession and when faced with resistance, they call it terrorism.”

After the attacks, the mass murderer Obama claimed to his nation: “We will find out who did this. We’ll find out why they did this. Any responsible individuals, any responsible groups – will feel the full weight of justice.”

Justice?

Is it “just” that you oppress the rest of humanity and feel a right to be secure? What are YOU doing in Afghanistan? Why are your soldiers here? Who started this war? Certainly, YOU Mr. President and your predecessors and cronies who pretend to be the harmonious protectors of the world – indeed, you deserve to be put in the court of justice...

But not any man-made court of justice... You are a criminal in the Court of Allah...

So, let the world rejoice at the destruction that befell the great tyrant. And let America fear for more... Whoever committed the Boston explosions, then let him exult for he brought coolness to the hearts of millions of oppressed families worldwide.

And only the deluded feel sorry for the oppressor
The killer of women, the destroyer of children
And the martyrs are calling from atop the horizon
We swear to you, do not forget our blood or tears...

The Crusade wars are upon us! And the Zionist-Crusader aggression has reached its limit. And almost all media outlets are portraying the world events from a heavily prejudiced perspective.

May Allah Aid the Muslims against the oppressors...

All Praise belongs to Allah Alone... And may His Peace and Blessings be upon Prophet Muhammad (SAW)

And may Peace be upon those who follow the Guidance
